2. With regard to the Reports of some Departments, there is reason to think that they are unnecessarily long and might with advantage be curtailed to a greater or less extent. Prescribed statements must not, of course, be omitted. But it would be convenient in every way if the various Departmental Reports could be drawn up and submitted in such form as to admit of their being readily embodied as Chapters in the State's General Annual Administration Report. The Land Revenue Chapter, as well as those relating to Municipal and Local Funds, will, as hitherto, be compiled in this office from the reports of Deputy Commissioners.

The Conservator of Forests and the Chief Engineer will be good enough to state whether their reports could not possibly be submitted before the 15th October and 1st December, respectively. It would facilitate the preparation of the Provincial Report and its issue before the end of October (*i. e.*, four months after the close of the year,) if the above officers could kindly try and arrange to send in their reports about the same time as the Heads of other Departments, *viz.*, the 1st or 15th September. Government are anxious that their Provincial Report should be issued at *the earliest possible date*, and they have no doubt that these and other officers will do every thing possible to place them in a position to give effect to this intention.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

No. 4313-53—MIS. 935, DATED BANGALORE, 19TH SEPTEMBER 1900.

ORDER THEREON—Since the passing of the above Order, Government have received several representations tending to show that, in the case of Departmental Reports based chiefly on information derived from District Reports and Returns, the interval allowed for preparation is not quite sufficient. Under these circumstances the dates prescribed in the said Order will be altered to 1st November in the case of the marginally noted Officers, but on the distinct understanding that the additional interval now allowed will on no account be exceeded.

2. The Superintendent of Survey will be permitted to submit his Report for the Survey year ending 31st October by the 1st December following, unless he can arrange without material difficulty to confine his reports to the usual official year, in which case the date already prescribed (1st September) will remain unaltered.

3. In view of the alteration of dates now ordered, it is hoped that the Comptroller will be able to furnish the Heads of Departments with final figures in sufficient time to allow of their utilizing them in the preparation of their Annual Reports.
